YEARS

PREPARE TO GO!

Get and stay out of debt!

Take charge of your spiritual growth. Get Bible and ministry training and experience.

Get people at home on board with your vision (including your church or local ministry group).

Become as healthy as you can

—physically, emotionally, sexually, spiritually. Reach out for help!

Get to know missionaries:

Read missionary biographies and blogs. Meet real missionaries whenever you can. Wear them out with questions!

Pray for the world. Download the **Operation World** daily prayer app if you need a guide.

Engage the cultures at your doorstep:

immigrant neighborhoods, international students, refugees, foreign restaurants (run by foreigners).

Do a self-induced cross-cultural exposure —a short-term “vision trip.”

Learn whatever you can about your focus country/people group (if you have one).

Attend our EXPOSURE

weekend. You will be exposed to our unique opportunities while you get to know us as an organization.
